

Call for Papers: International Journal of Biometrics and Bioinformatics

Date: 3/31/2012

Call for Papers: International Journal of Biometrics and Bioinformatics

Publication Frequency: Bi-Monthly

Publisher: CSC Journals, Kuala Lumpur, Malaysia

CFP SCHEDULE

Volume: 6 Issue: 3

Paper Submission: March 31, 2012

Author Notification: May 15, 2012

Issue Publication: June 2012

The realm of International Journal of Biometrics and Bioinformatics (IJBB) extends, but not limited, to the following:

Bio-grid

Bio-ontology and data mining

Bioinformatic databases

Biomedical image processing (fusion)

Biomedical image processing (registration)

Biomedical image processing (segmentation)

Biomedical modelling and computer simulation

Computational genomics

Computational intelligence

Computational proteomics

Computational structural biology

Data visualisation

DNA assembly, clustering, and mapping

E-health

Fuzzy logic

Gene expression and microarrays

Gene identification and annotation

Genetic algorithms

Hidden Markov models

High performance computing
Molecular evolution and phylogeny
Molecular modelling and simulation
Molecular sequence analysis
Neural networks

Head CSC Press: coordinator@cscjournals.org
